

Flo bracket range

Flo bracket range

With a sleek and modern design, the Flo is the best-seller in the Schröder bracket portfolio. Simply combine it with one of our luminaires for an easy and unique upgrade to your lighting network.

With a very distinct shape, its' "triangle" base is incorporated into every product in this family of brackets (single, double and wall variants available).

It is made of die-cast aluminum and is available in all standard Schröder colours. Certified for the loads defined in EN40, the FLO range can be installed on poles for CE marking.

Key advantages

- Large range of brackets to suit all your needs
- A unique design that adds value to your lighting installation
- Perfectly matched to be used with Schröder luminaires
- Can be customised in all Schröder colours
- Long lasting - made from high-quality aluminium
- Compatible for use in EN40 calculations
